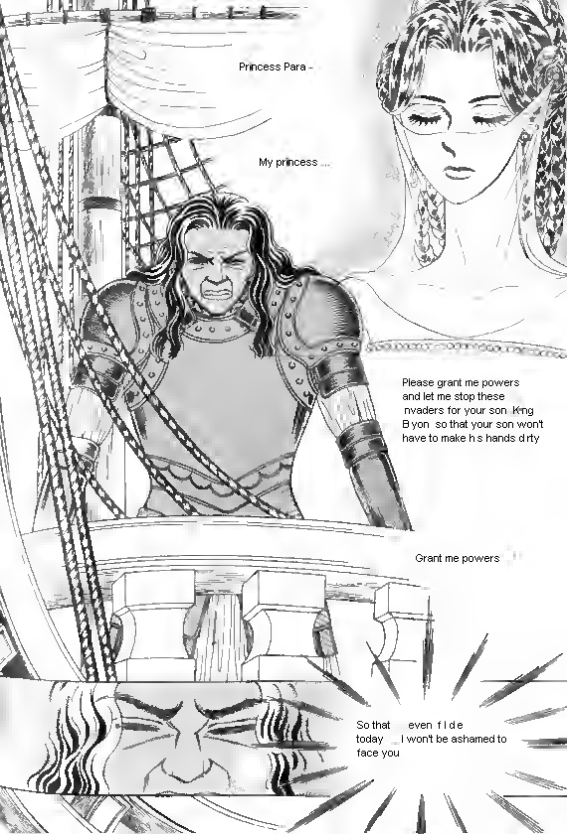
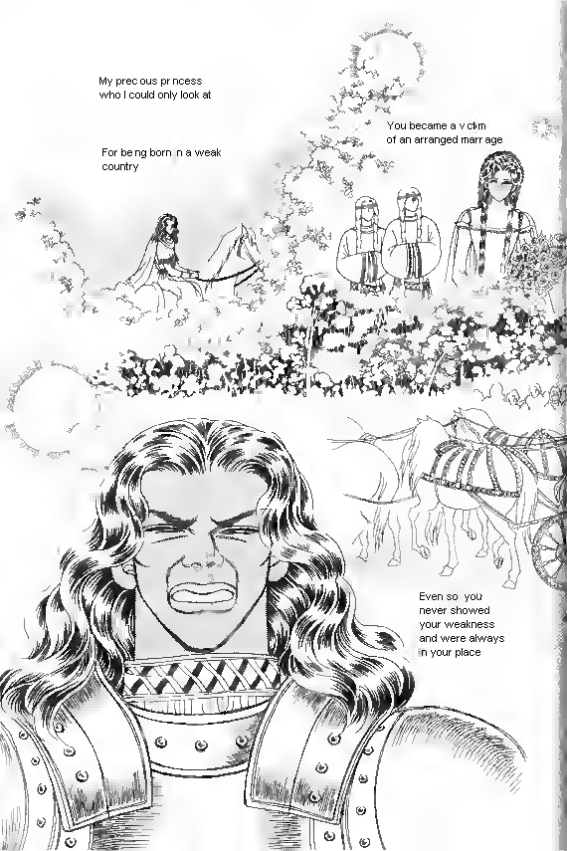
We will attack first!
It looks as if they are going to surround my fleet
Send the signal! I will take five ships and attack. Rest will guard the path!
Tell them to guard the path with their life
If we lose we all will die anyway!

If we are to stop their advance, we must attack their center .
Block the path to Ramira and wait for them
Few ships are leaving the fleet

It s only f ve sh ps
Fools
He s go ng to go aga nst 70 sh ps w th only 5 ?
Looks l ke he s prepared to d e
I guess he s go ng to do whatever he can
More speed !
This is as fast as we can go.
We must lead them to the triangle area...



Princess Para -
My princess ...
Please grant me powers and let me stop these nvaders for your son. K'ng Byon so that your son won't have to make h s hands dirty
Grant me powers
So that even f I d e today I won't be ashamed to face you

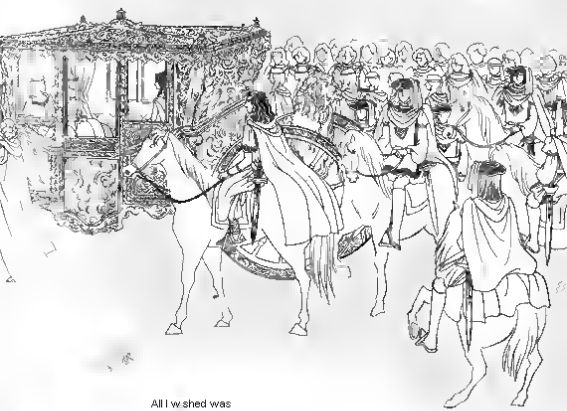


My precious princess
who I could only look at
For being born in a weak country
You became a victim of an arranged marriage
Even so you never showed your weakness and were always in your place

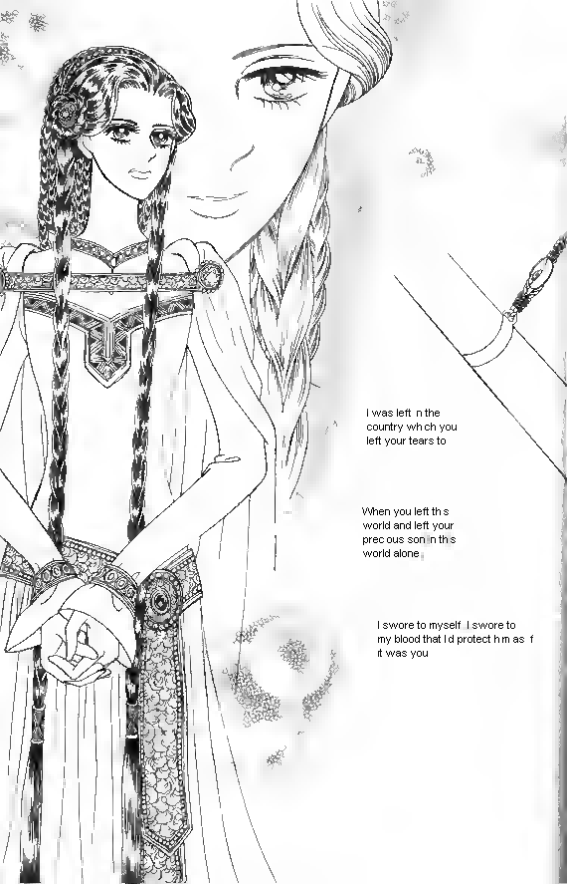
www.janimes.com

I escorted you
by myself

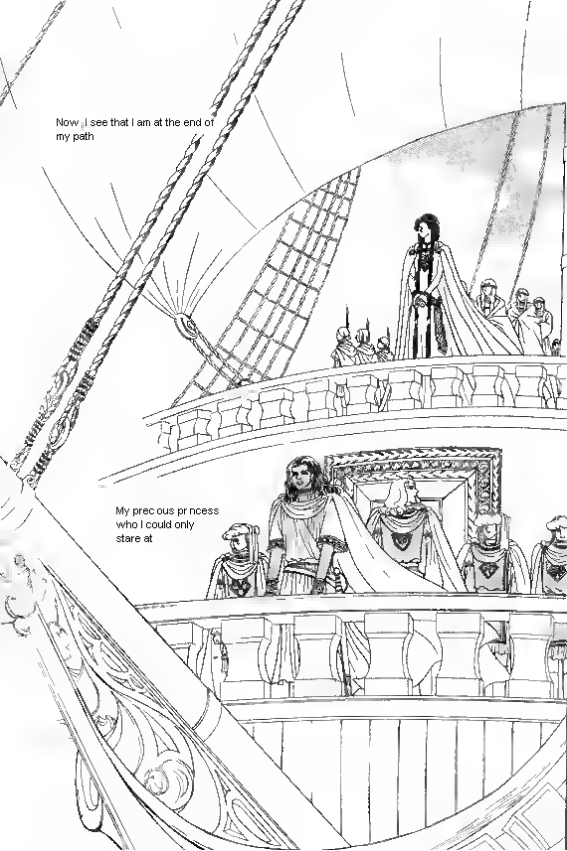
Although I sent you
there willingly



All I wished was
your happiness



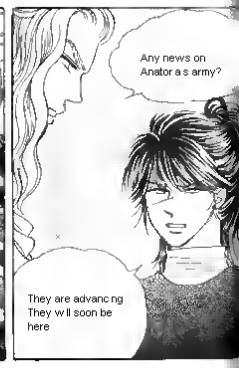
I was left in the country which you left your tears to
When you left this world and left your precious son in this world alone
I swore to myself. I swore to my blood that I'd protect him as if it was you



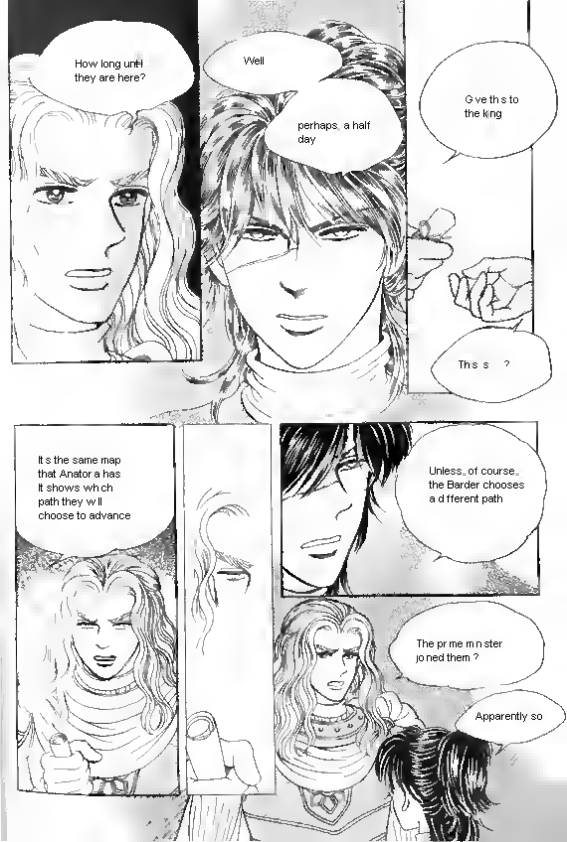
Now ,I see that I am at the end of my path
My prec ous pr ncess who I could only stare at

Se!!
I was told that B...s here

She's been pray ng n the hall all day
I w ll take over You can go back to the k ng now



Any news on Anator a s army?
They are advanc ng They w ll soon be here



How long until they are here?
Well
perhaps, a half day
Gives this to the king
This is ?
It's the same map that Anatoria has It shows which path they will choose to advance
Unless, of course, the Barder chooses a different path
The prime minister joined them ?
Apparently so

Have you ...
seen Eshild by any chance ?
She was with the pr me m n ster
Will the king...
trust this map ?
It will be his decision whether to trust it or not.
Tell the majesty to trust the map, Leo.

Tell him that
I said that,
Leo
Tell h m that
I trust Se
no matter what
Even f they
choose the
path on the map
It s not certa n
that Ramra s army
w ll be able to
defend th s castle
aga nst such a large
army of ther s
I am leav ng
Bi to you

Brother
I am
count ng on you
H ro
Leo
Uncle

What brought you here?
Did something happen ?
We are moving our men to the back of the castle. I figured I'd pay a visit here while on the way.
Oh ? Aren't you Hro ?
He s stay ng here r ght now
I am here to protect the queen
Looks like the burden s yours lady Tera
It s not a problem

I am here to protect the queen I said
Sure why don't you protect lady Tera as well ?
Sure
Be well
You and the chief guard as well
I will be on my way
I will see you later

Do you trust me lady Tera ?
Yes I do
Do not worry I w ll protect you as well
I thank you
I am happy that I have a kn ght protect ng me

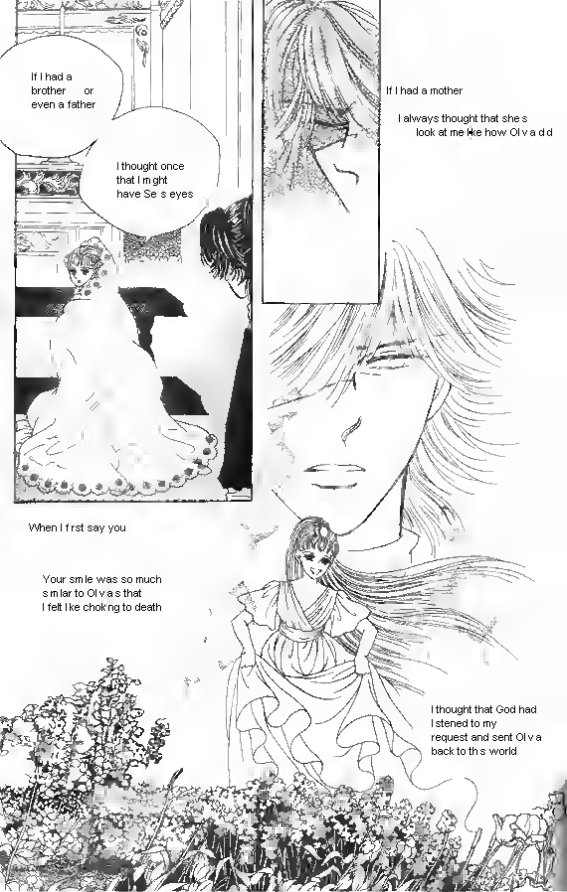
Why do you protect me..Se ?

Why do you trust me, Bli ?
You don't know who I am
From the beg nn ng
You had the eyes that made me be on ease
They weren't eyes that I could trust
They were eyes that I just had to trust

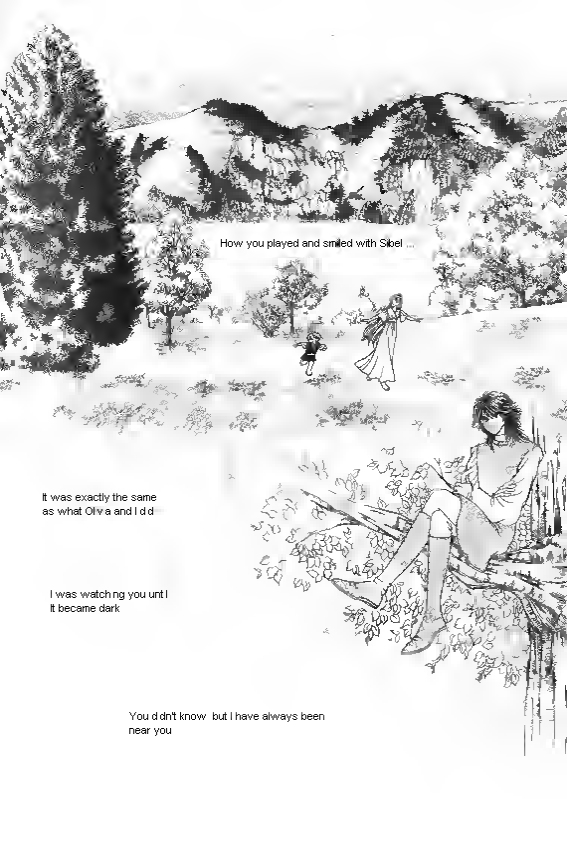
You still don't know me ...
No, I do not.
I do not know Se s age or where you are from or what you l ke or d sl ke
But I do st ll feel that I've known you for a long t me
s nce the beg nn ng
I am ...
very old ...

Although I am not certain how old I am exactly
At some point of my life I felt that my time had stopped Since then I stopped counting my age
My birthplace
I was told that my mother died while giving birth to me in a battlefield
I don't even want to know which battlefield it was
I am sorry
for making you recall painful memories
Not really
They aren't painful memories at all
What was really painful was that

I was unable to save someone who I really wanted to protect..
And that I can never see her
And I wasn't even able to protect her last portrait and it had to be conf ned n a basement
Therefore
I cannot afford to lose you



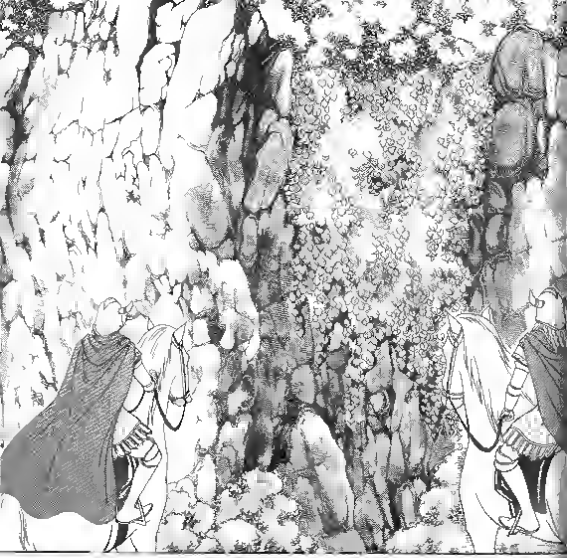
If I had a brother or even a father
I thought once that I might have Se s eyes
If I had a mother
I always thought that she s look at me like how Ol v a d d
When I first say you
Your smile was so much s mlar to Ol v a s that I felt like choking to death
I thought that God had listened to my request and sent Ol v a back to th s world



How you played and smiled with Sibel ...
It was exactly the same as what Olıv a and I d d
I was watch ng you unt l It became dark
You d dn't know but I have always been near you

Being an orphan,
I always told others that I didn't know my parents' faces.
But I was raised by father who took me to battlefields ever s nce I was born
Father one day, fell n love w th a noble woman
And was killed by the noble woman s husband
At that time, I did not understand father nor could I forgive him for what he did.
So I dec ded to forget about h m completely

www.jaimes.com
But
one day –
I understood him
and forgave him
In this world
sometimes there is a love like that
Just like that
I understood everything



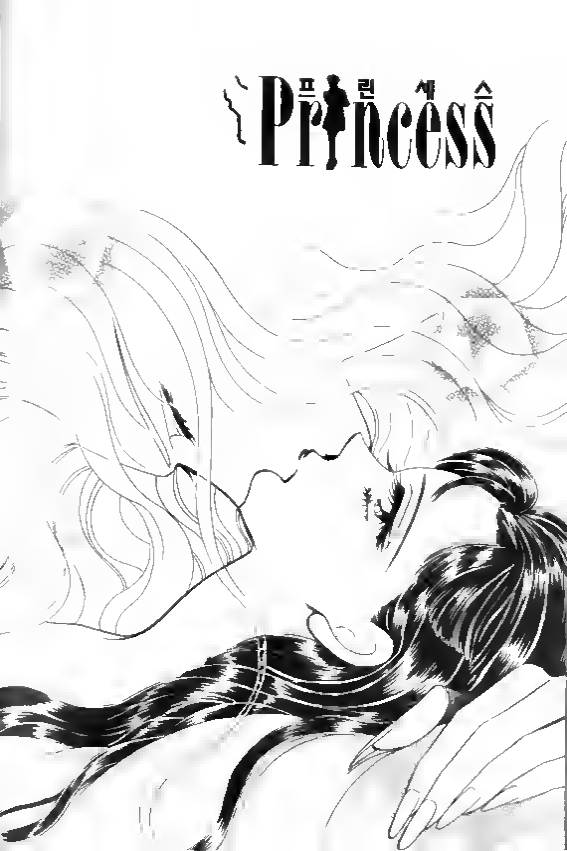
This is where I hid weapons

Where ?
Behind those leaves, there is a small cave.

After I received a copy of the map, I prepared this in event of the worst.
No one other than me would know existence of this, not even the creator of the map.
I am sure you couldn't carry everything with you on ships
That's very wise of you.
Get the weapons and arm yourselves
Biyon !
You are mistaken if you think I'd withdraw easily.
Wait for the time where you will have to lay your neck to be cut

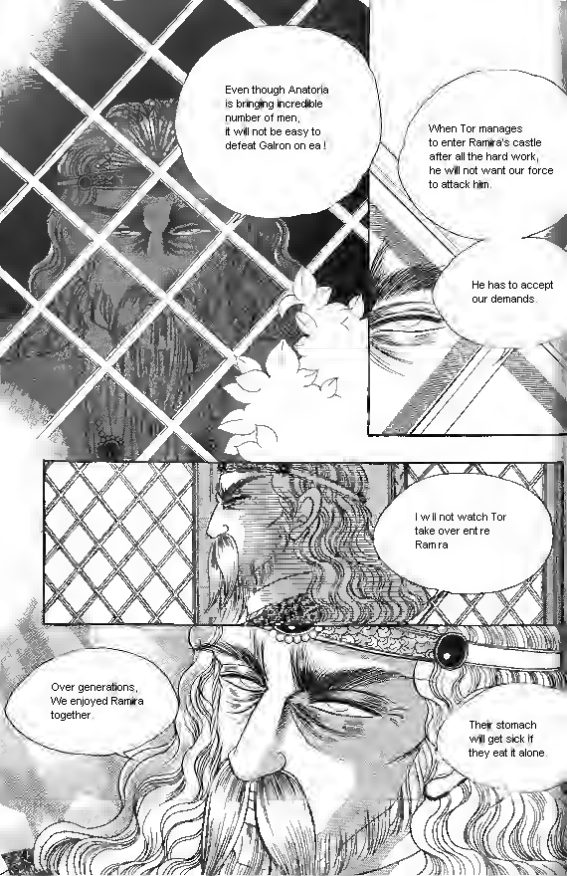
I've decided!
We will support Antoria -

프린세스 Princess

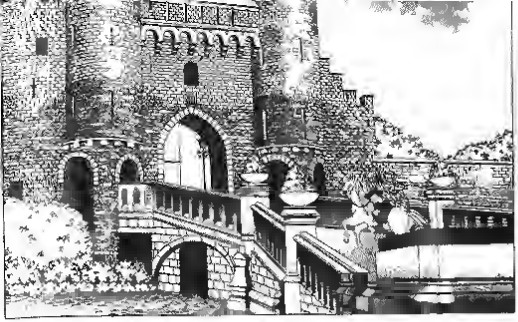


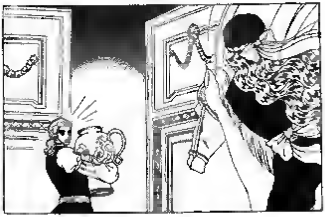
Send a message to our force.
Tell them to land on Ramra when the war is about to end
Tor s ships are unexpected too many
I am sure Ramira didn't expected this many either
I guess fake cons and pratng pa d off Tor
Anator a s large army has already landed on Ram ra
Tor s not to be underestimated see ng how he managed to grow such a b g force spec ally when h s country s economy s beyond repar after the revolt

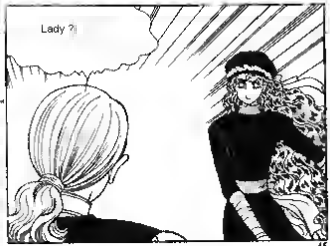
Ramra
stands no chance
I am not going to support the losing side
When they are exhausted from fighting Ramra
it will not matter whether Tor will accept our support or not
If he chooses to accept our aid write a list of our demands and send it to him
Should he refuse we will take that as a reason to cause full scale war against Anatora Make the message sound like that



Even though Anatoria is bringing incredible number of men, it will not be easy to defeat Galron on ea !
When Tor manages to enter Ramira's castle after all the hard work, he will not want our force to attack him.
He has to accept our demands.
I will not watch Tor take over ent re Ramra
Over generations, We enjoyed Ramira together.
Their stomach will get sick If they eat it alone.







Lady ?!

Eshild !
Where have you been ?!
Where have you been ?!
What are these packages?
Your father told me to leave Ramra
n case he loses

That's what he said before he left for battle.
Leave this country ?
To where ?
And how ?
There s a shp
Military ships will use port Mira.
Civilians are leaving the country through small ports like Seru right now.
www.janimes.com

It s been two days
s nce I lost contact
with your father
It s hard to f nd out
status of the war
from here
Only when a scout
comes back I can barely
know
People say
he lost
He d dn't seem to
be captureed or
d ed n battle
If he d d really lose
the royal army would
be here by now
But they aren't
So I don't th nk he
lost/
If someth ng happens
to your father.
I don't know where
I would go and I ve
all alone
I was wait ng just
n case you d return

Father is alive.
Really ?
Does that mean he won?
The war s still going on
Why s this happening

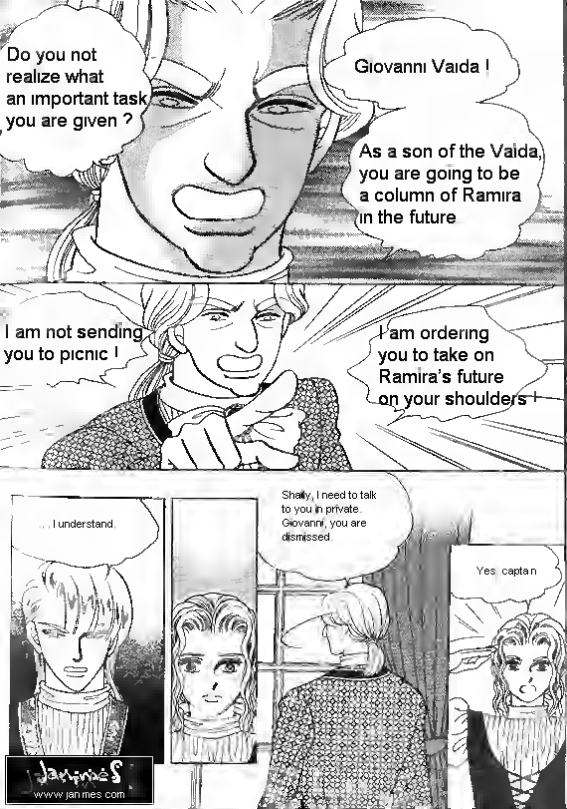
I see admiral Galron's ships !
Finally !

Call Giovanni Vaida and the navigation officer Shally
Aye, captain.
Admiral Galron's ships are in the triangle area. Does this mean we are about to face the final battle on sea?
While disguised as a merchant ship and circle Ramira once, war began.
And, as expected, we are about to face our final battle on sea here in this triangle area.
If we lose here, Ramira will fall.
No matter what we must not allow Anator an ships to dock at port Mira

Captain Shaly's here
Giovanni's here as well
Come in
Did you see admiral Galron's flags ?
Yes
Shally, you are a navigtion officer I trust the most.
The knowledge you have for sea... You will inherit everything you know to Giovanni here.

Captain what are you
We disguised as merchant ships and carried mercenaries sent by admiral Galron in order to fight our enemy
Now our battle is about to face its final stage
No one knows who will win
But if
Ramra loses
You two will serve the majesty and Ramra's future

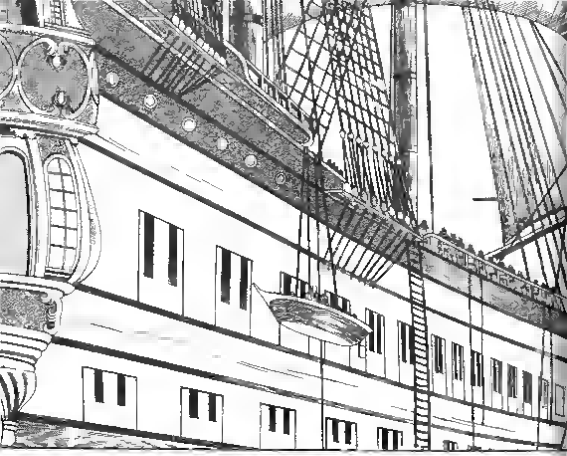
For that,
I am order ng
you to take off
from th s shp
I've prepared
f ve shps in
case of the
worst
Shal y I am putting
you in charge of
those shps
I am sorry to put you
so much burden on
a mere nav gat on off cer
but I have to use all
other captans for the
battle
Captan!!
We w ll f ght
as well !!
Yes
let us f ght
I said th s
for the worst!!

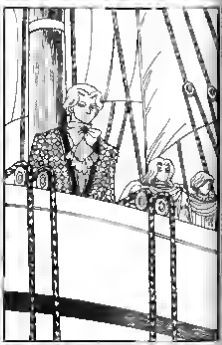


Do you not realize what an important task you are given ?
Giovanni Vaida !
As a son of the Vaida, you are going to be a column of Ramira in the future
I am not sending you to picnic !
I am ordering you to take on Ramira's future on your shoulders !
... I understand.
Shaily, I need to talk to you in private. Giovanni, you are dismissed.
Yes, captain
www.janimes.com

If it wasn't this war
I was going to train and make him the admiral of Ramra
He has the motive and talent
He has everything to be one
He made me realize that he was indeed Vada
Right now, he is just a kid.
But I am sure that you will be able to turn him into the sea dragon.
I've taught you everything I knew
Now you are going to teach him everything you know

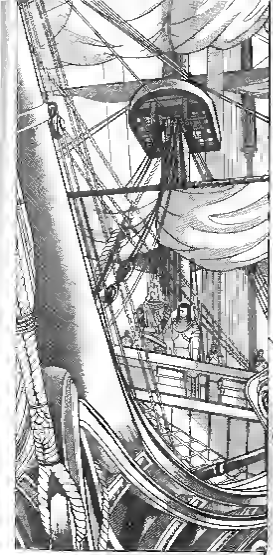
Whether I lose or w n
I am leav ng G ovann to you now
For R mir
Yes, captain !
Do all you can
I am count ng on you





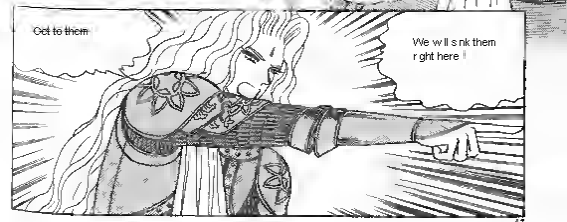
The third son of Vaida
Whose nickname was Go Govann Vaida
In the future he will be known as The Sea Draogn
This was an event in afternoon when he was about to turn 14 years old

The tr angle area!
We slow down here.
Let them get closer to us.
Slow down !

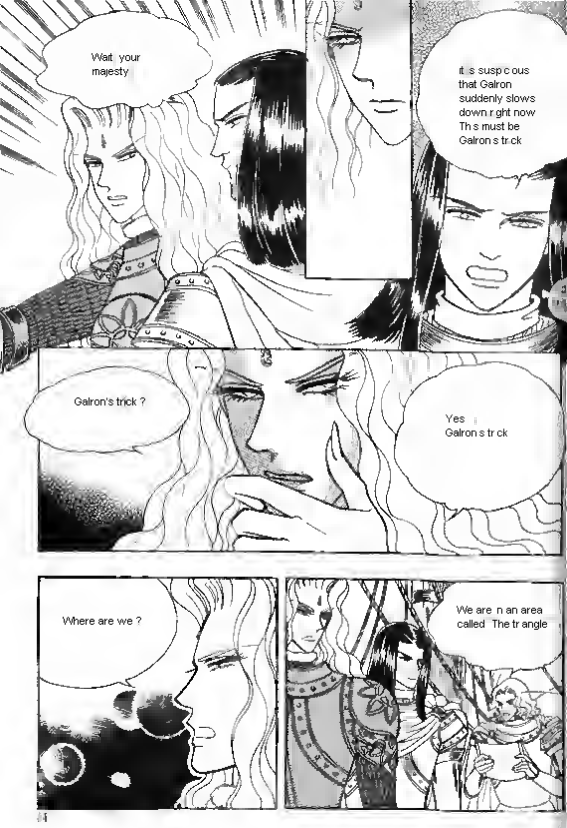


They are slow ng down

Looks like they are exhausted finally.
Well, there is no need to run further..
They are about to reach Ramira itself anyway..



Get to them
We w ll s nk them r ght here !



Wait your majesty
It is suspicious that Galron suddenly slows down right now This must be Galron's trick
Galron's trick ?
Yes Galron's trick
Where are we ?
We are in an area called The triangle

It s 50 miles away
from Ramra From the map
It looks like a triangle Outside
of this area is full of
fast current and reef So, it s
strongly recommended that every
ship pass this area to reach
Ramra
So he s slowing
down as he approaches
the safe area ?
What are those
reef looking
islands ?
Those are what
makes this area to
be called The triangle
area Those are often
used as a shelter in
case of heavy storm
and tidal wave
Match our speed
to his
Send a signal to
the ships on rear

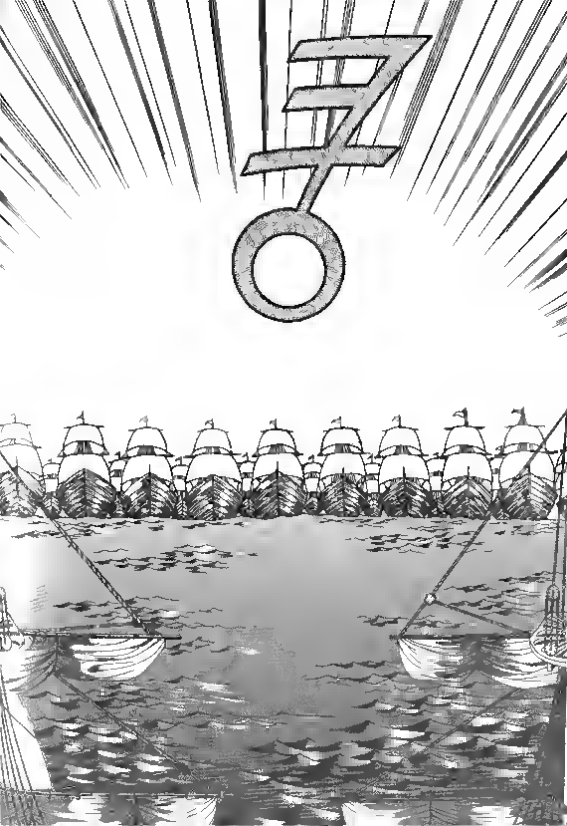
They are slowing down as well.
Perhaps, they know what we are trying to do.
Can't be. They must be exhausted as well. Keep going until they enter the area.
Aye, admiral.
Come here, Skade Tor!
My last w ll be your last!

Charge !

They are in sight!
Good, as soon as they enter, we proceed as planned.
We will go around them and attack them from behind.
If they try to escape out of this area, they will be perished by fast current and reef.
We will end everything here in the triangle area.
They are almost at the spot
Send a signal to proceed!

Is admiral Tito ready ?
As soon as they enter the center of the area, admiral Tito will attack them from behind
We will turn around and join them at the same time.
They will be disorganized from being attack from rear
They think there are only five ships here
They are here !
Tito ! Begin !

They are here
Prepare to attack -
Captain, they are - !
Their ships -
They were suppoed to showing their behind
But they are facing us !



They appeared from rear
Tell them to attack
The front line will chase Gairon
Admiral something's not right

프린세스
Princess

They are being attacked from behind. But there's no sign of them being disorganized. Their front line is charging toward us
They knew we were going to ambush?
Is this it?
What should we do admiral?
There's no turning back

If I withdraw from here, it will be over.
I am not going to show them my back
Turn around!
Charge toward them!
We are going to fight them headon!
Admiral?
Move cannons to decks and equip everyone with a bow!

Your highness !
They are moving toward us fast !
Is he going to crush into my ships?

Your father sent a message,
You were right. He is alive.
Anator a K ng s fleet w ll soon arr ve at the port. He says he w ll be v ctor ous. It s only a matter of t me he says

Are you saying Ramira's naval force lost ?
It is uncertain. But ,according to scout ships and what sailors said,
It would appear that Ramira's naval force was defeated. So, it will be only a matter of time before Anatoria fleet arrive at Ramira.
Right now those who failed to escape into the castle are preparing to leave the country
If the Anatorian fleet is added to the current Anatorian troops on Ramira the royal army won't stand a chance

Father th s s Go

Why are you in armor ?
A warr-or w ll de n a battle
Adm ral Galron
Do we have enough weapons? How about cannon balls and arrows?
We have enough weapons
But we have too many wounded that we don't have enough to f ght
I know

Bare m n mum number of men were left to protect the southern reg on
The pr me m n ster and Anator an army s n the central reg on
Skador has broken their word and is simply watching.
Will Ramira end ?
Will I have to hand it over to the prime minister and Anatoria ?

Eshild !
Where are you going again?
Are you going to leave your mother alone ?
Eshild !
Do not wait for my return
Mother farewell

I've decided, Leo.
If this world is
not suitable for me,
I was born
regardless my
will
and if I have
to live through
the general path

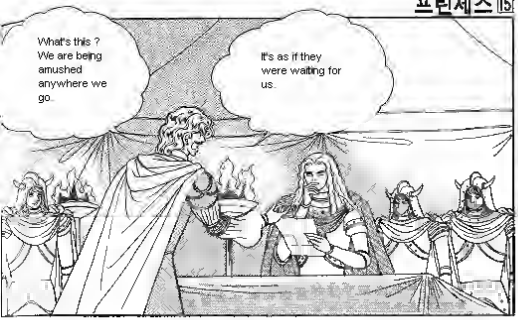
Then at least
I will choose
where I will die
and how I will die
I've decided !

I am

Going to be
with you when
the end comes !

Retreat !

Retreat -
Retreat -

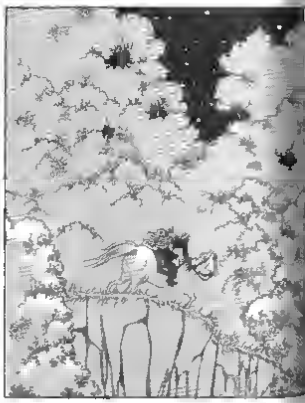


What's this ?
We are being amushed anywhere we go.
It's as if they were waiting for us.

Is it poss ble that the map was leaked ?

I guess it has to be

Damn !
We were go ng to make a clear way to the castle
arrives.
But we ended up losing a lot of men instead.
We will wait for daylight until the majesty's fleet lands.
And then we will make a new plan.



www.janimes.com

The path we go is
a very long way.
It is a way we always have to go around.
It is a way we aimlessly wander
without a clear goal ...

It's me.

Eshld

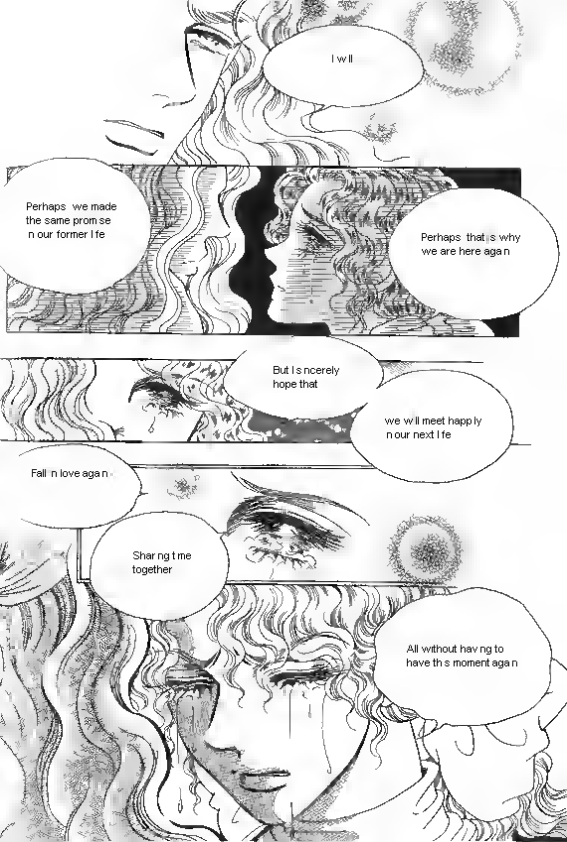
Don't tell me to go
I want to be by your s de

It is too dangerous here.
I st ll want to be by your s de
Eshld
I don't want you to be nvolved in th s
No matter what happens.
I want you to be safe.

No matter what you say, I will be with you.
Even if it means I will die
If our fate cannot walk on the same str.ng
If our str.ngs are s.mply just pass.ng by each other...
I want where our str.ngs meet my end
Eshld ...
I cannot do anyth.ng for you
Don't make it any more pa.nful than it .s already
I can neithe rprotect or make you happy ...

There is something you can do for me.
Make me — Make me your woman
Let me live rest of my life
as your woman

And -
When we meet in our next life,
I want you to propose to me and marry me legally.
Please recognize me in our next life

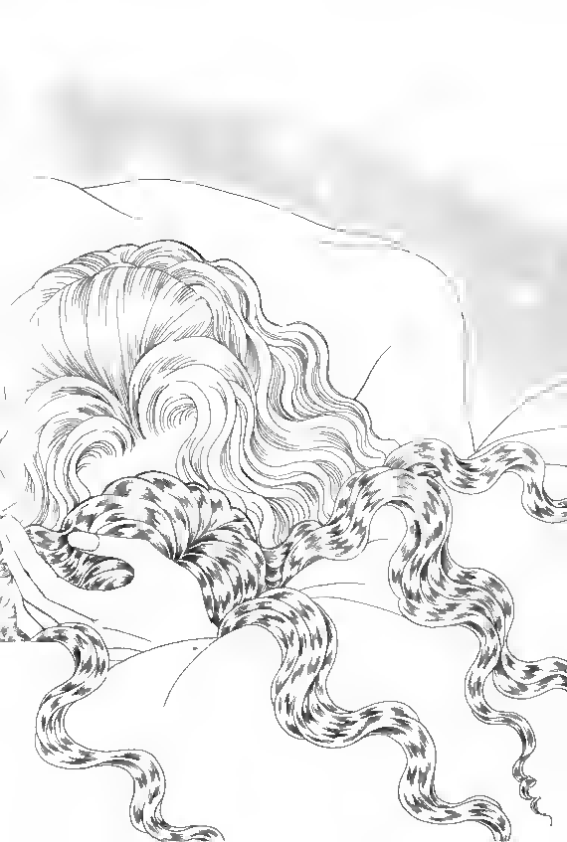


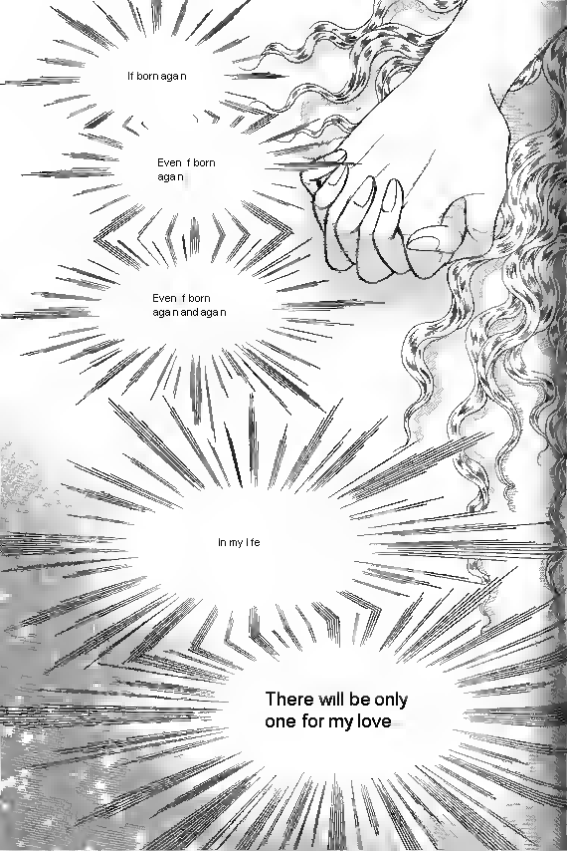
I will
Perhaps we made the same promise in our former life
Perhaps that is why we are here again
But I sincerely hope that
we will meet happily in our next life
Fall in love again
Sharing time together
All without having to have this moment again

If I foolishly do not recognize you in our next life ,
Then simply tell me that ...
My fate s yours
Don't wat alone
Don't suffer alone
You were you
I was me
And that we were one to begn with
www.janimes.com

But

Even if you don't tell me, I have no doubt that I will recognize you ...





If born again
Even if born again
Even if born again and again
In my life
There will be only one for my love

Majesty?
General!
Why aren't you in bed?
That is what I'd like to ask you.
I was told that you even dismissed guards at sleeping quarters
Is there something wrong?
I just don't feel like sleeping
What is Leo doing right now?
He should be here especially since you have a trouble sleeping
I am in charge tonight

Are you say ng Leo s sleep ng r ght now ?
Everyone has to sleep
In th s long war
Not everyone can stay up and spend n ghts with the r eyes open always
Ton ght

Tonight was just

Warm gentle wind ....
I was unable to sleep
even after my old fr end

He must have been

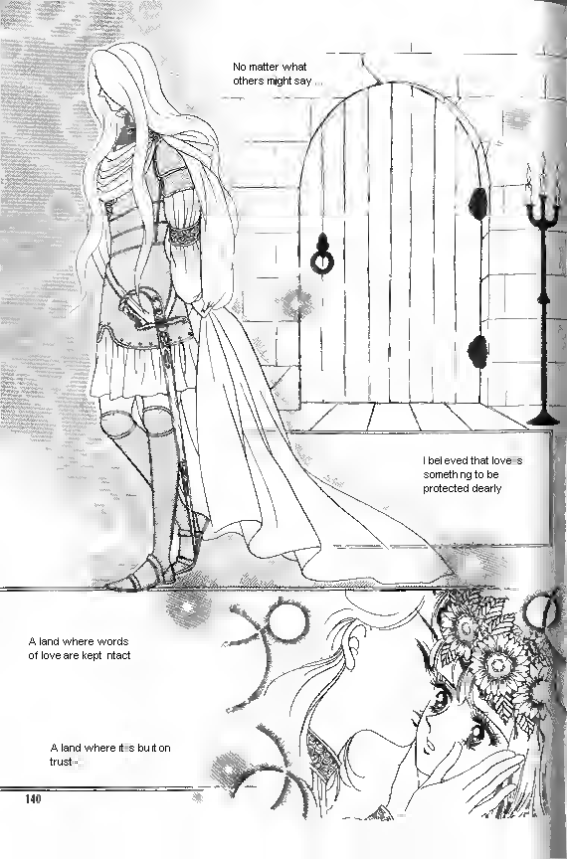
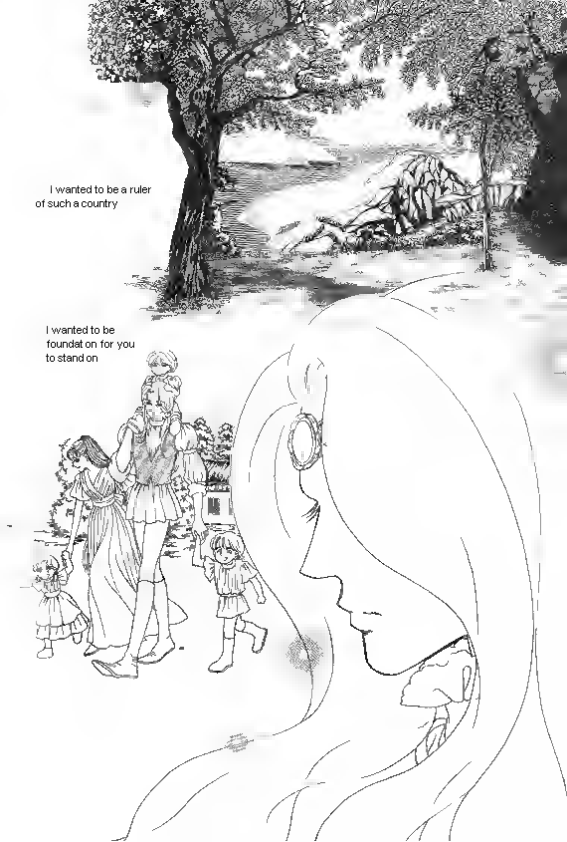
www.jaimes.com

My fr ends
I wanted to be
Foundat on of
your hopes
I wanted to be a king
who would guarantee
your future ...



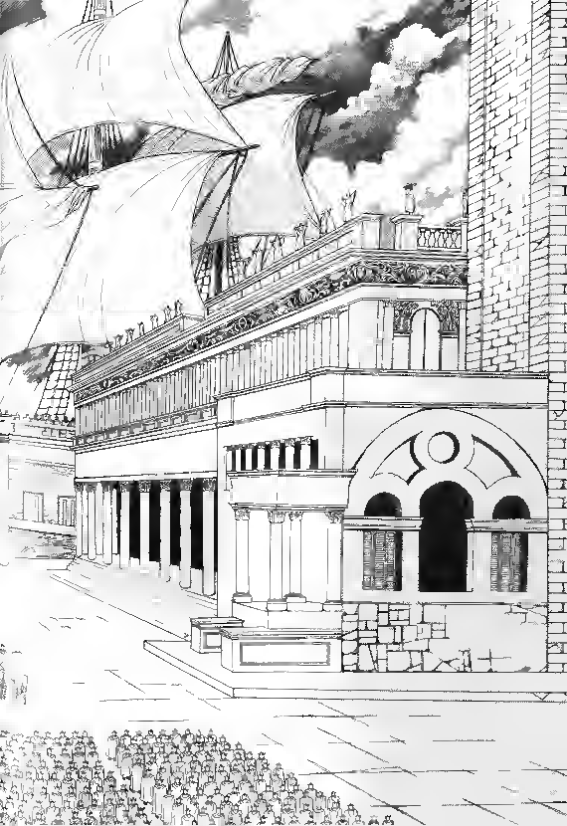
No matter what others might say ...
I believed that love is something to be protected dearly
A land where words of love are kept intact
A land where it is built on trust -

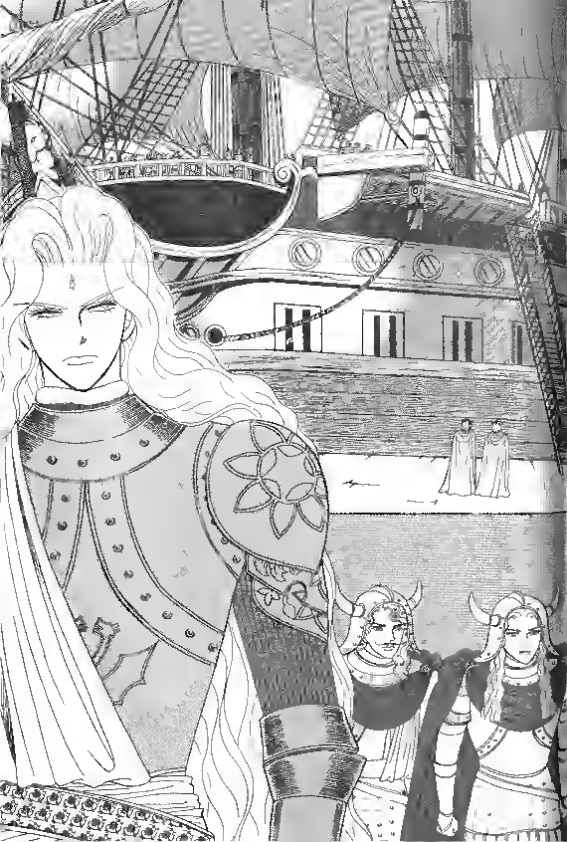


I wanted to be a ruler of such a country
I wanted to be foundat on for you to stand on

Even after such thoughts,
It is for Ramra
There is someone I would like you to spare when time comes
Even if
I was unable to even see what you stood for
The person must be executed Will you grant my request and spare the person?

Forgive me !





Your highness !
Lord Barder,

Thank you

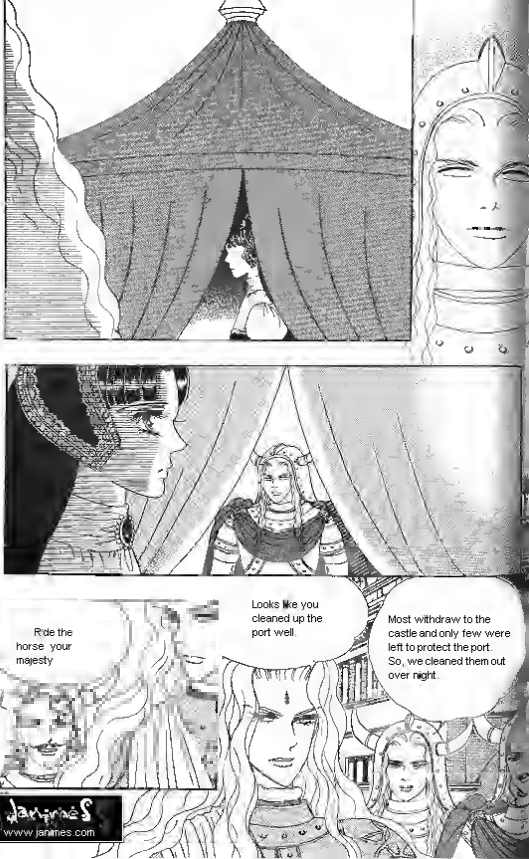
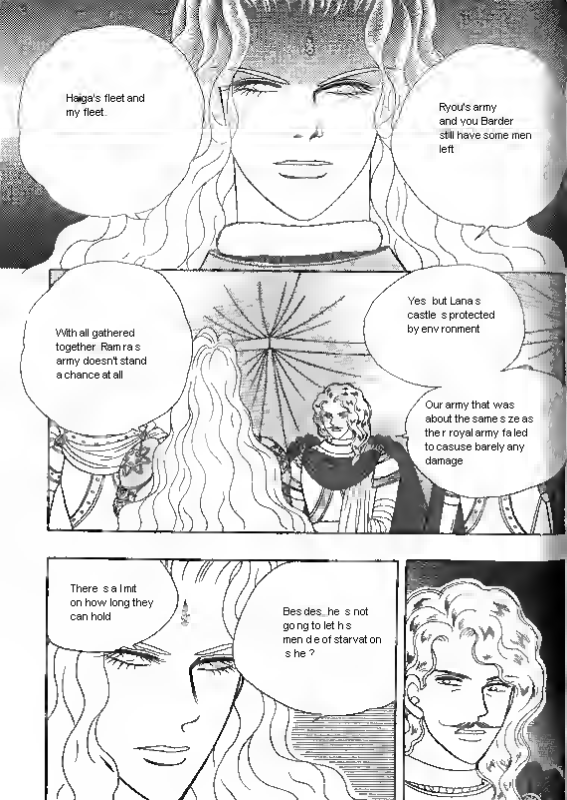
your majesty



Looks like you cleaned up the port well.
Most withdraw to the castle and only few were left to protect the port. So, we cleaned them out over night.
R'de the horse your majesty
www.janimes.com

Your majesty,
Skadei Tor has landed.
Any changes on the army that s attack ng the wall of the pr nce's castle ?
About half are st ll there
It must be the r plan
to d v de us from concentrat ng on one s de
How b g of army has Skadei Tor brought ?



Haiga's fleet and my fleet
Ryou's army and you Barder still have some men left
With all gathered together Ramra s army doesn't stand a chance at all
Yes but Lana s castle s protected by env ronment
Our army that was about the same s ze as the r royal army fa led to casuse barely any damage
There s a l mit on how long they can hold
Bes des he s not go ng to let h s men d e of starvat on s he ?

Every capital brngs water in from external soruce
We w ll block the r water source
Skador s not go ng to support them
And water is more mportant than food
Ryou you have the map, don't you?

You shouldn't count on the map
What ?
It seems others have gotten their hands on the map
I've been meaning to ask who created the map
Every path we tried to use we were blocked
Is it Ren ?

It Ren did make it,
I don't think Ren is the same Ren you knew.
Ren
No way would Ren betray me
Why do you trust me so much ?
He cannot betray me !

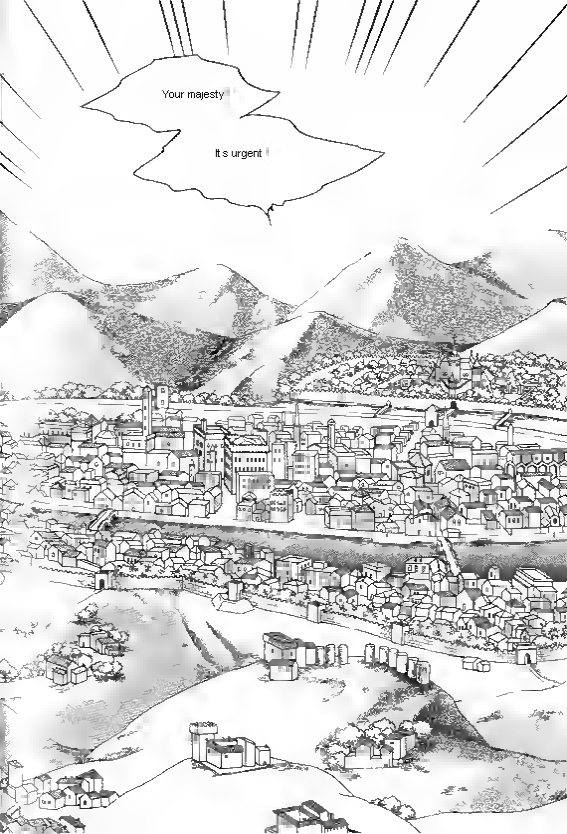
As long as there is Hezel !
As long as Hezel is under my possession !
He will not betray me !
I will not forgive anymore act against me !

Look who is here.
Busy as always, doctor.
Do you need more hands?
Of course I do
Where should I start ?
Your place has always been there for you

Your face has br ghtened up
Is that so ?
I can see you from here
I can be there shortly f I want to

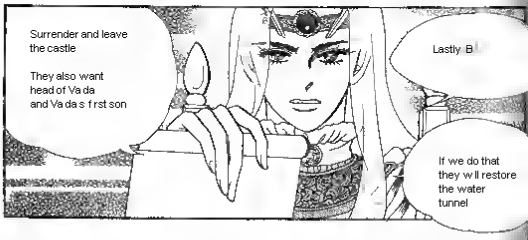
I can see you everyday.

www.janimes.com

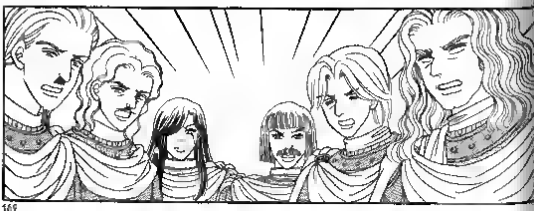


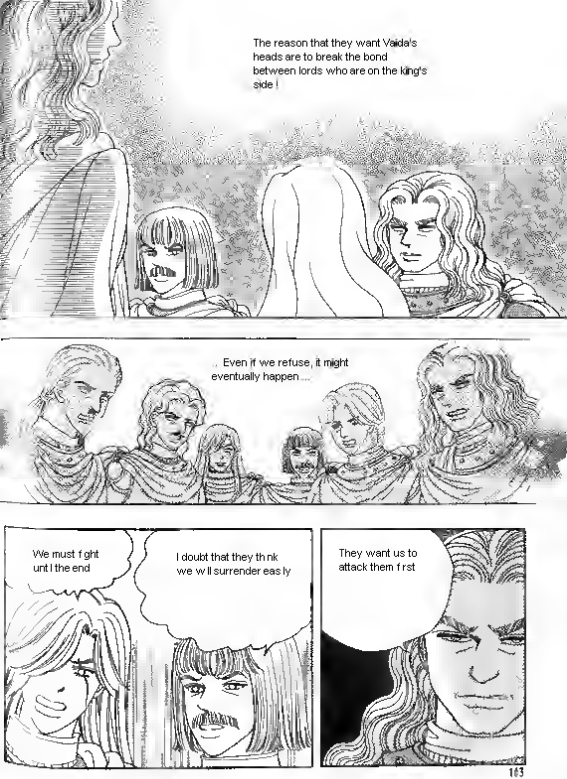
Your majesty!!
It s urgent!!

What does it say ?



Surrender and leave
the castle
They also want
head of Va da
and Va da s f rst son
Lastly B
If we do that
they w ll restore
the water
tunnel





The reason that they want Veida's heads are to break the bond between lords who are on the king's side !
... Even if we refuse, it might eventually happen ...
We must f ght unt l the end
I doubt that they th nk we w ll surrender eas ly
They want us to attack them f rst

Leo...
Br ng lady Tera
No..pr ncess Theodora...

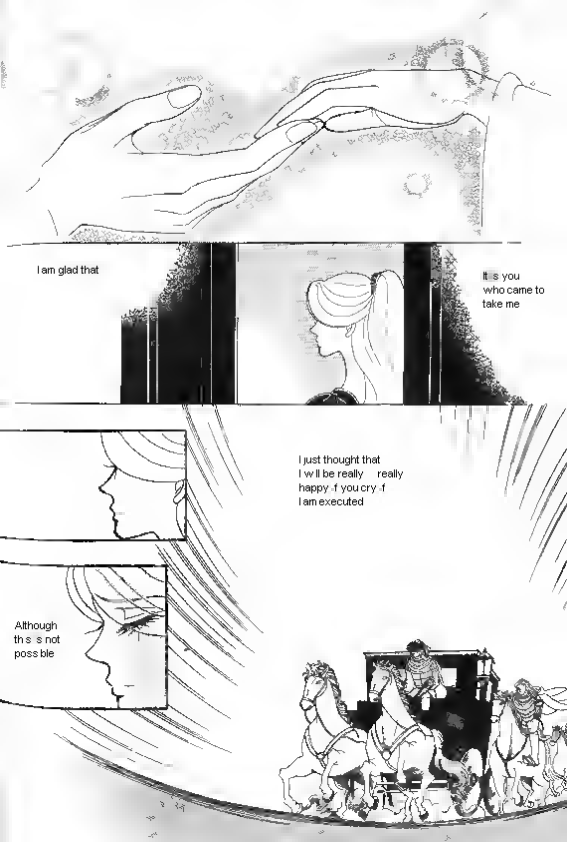
Br ng her

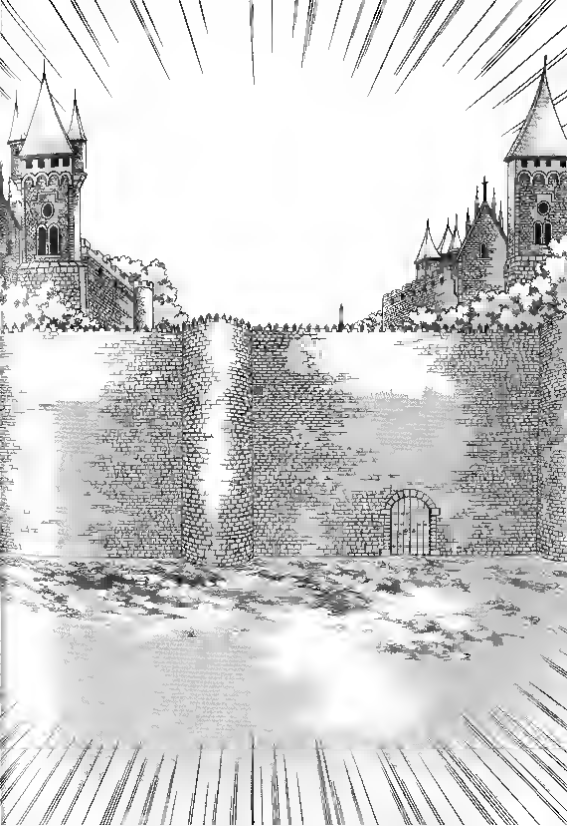
Why lady Tera ?!
Leo ?!
Thank you for your kindness my queen
Time I spent with you was the happiest days in my life

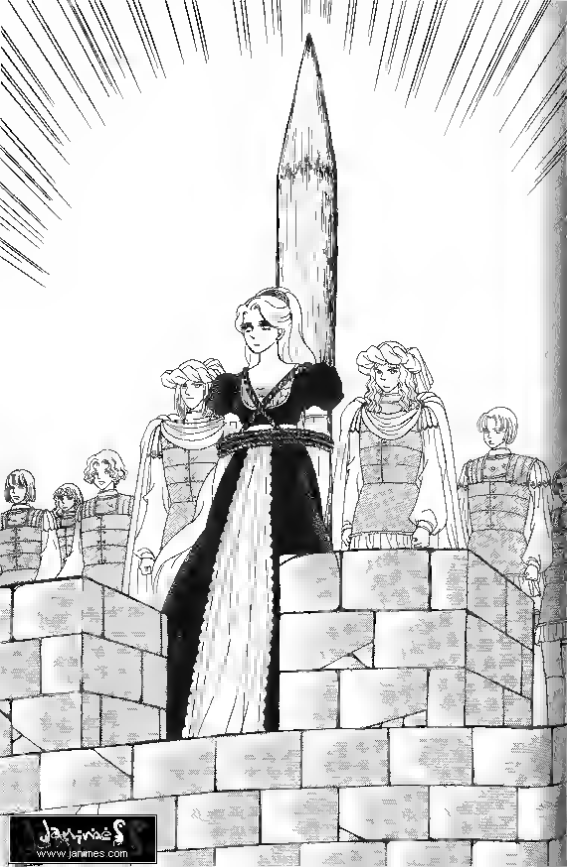
Please, take
my hand, m'lady.



I am glad that
It is you who came to take me
I just thought that I will be really really happy if you cry if I am executed
Although this is not possible

Who ?!
Theodora Tor, they said.
They've tied her up on the wall.

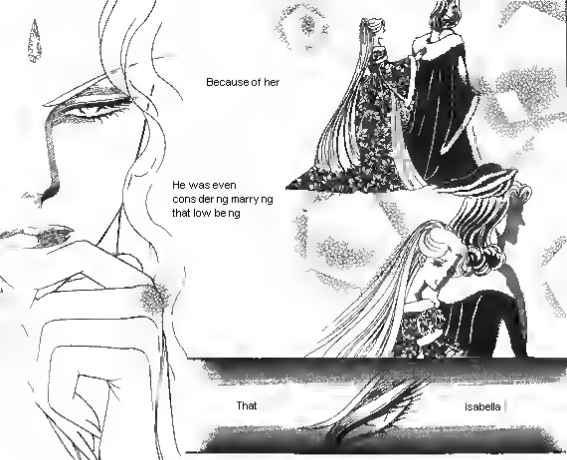




www.janimes.com

Unless we re-open the water tunnel, they are going to exectue her.
They've given us one day to make our decision.
It looks like her life is going to be short
Did he really think I would give up on this opportunity that I've been preparing for so long simply because of some bitch? Is the Ramaking and idiot or something?

It's not even worth considering.
Execute the messenger.
Yes..sir
Father s daughter



Because of her
He was even

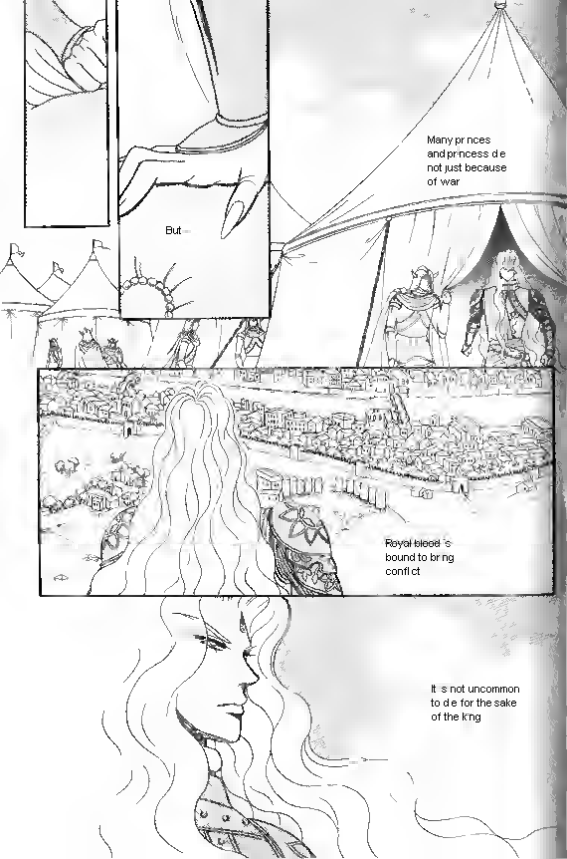
I take that th s was
your do ng ?
You sent her here
d dn't you

How dare you



But...
Many pr nces and prncess d e not just because of war
Royal blood 's bound to br ng conflct
It s not uncommon to d e for the sake of the k'ng

So lady Tera was king Tor s half s ster and that was why she was here as a hostage ?
Probably -
Then the reason they took her away s

Can't be !
To kill her ?
The majesty is just going to use her to trade, right ?
Who knows
We are in war
I cannot allow that to happen !

Anyth ng can happen!!

But she s
too good of a person

A sword doesn't refuse to hit because of nnocence
Just hope that
Skade Tor has enough moral sense to be able to see the value of h s own blood

I can only hope
that ....

he even considers

I can only hope
that
Skade Tor still
has a snese

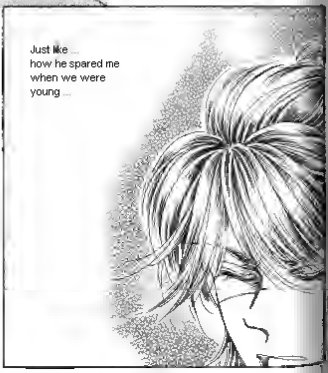
I can only hope

Just like ...
how he spared me
when we were
young ...



Lady Tera ?!
No princess Theodora, isn't it ?
Anyway... she sted upon the wall ?

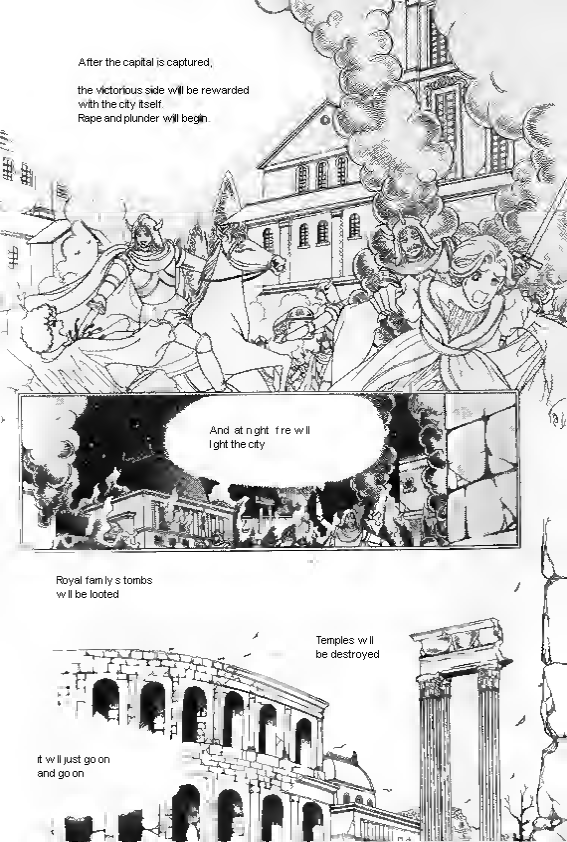
Are you ...
really going to execute her ?
What are you say ng ?
How dare you ask a quest onl ke that
I can only hope
that she is worth it ...
Majesty !
www.janimes.com

The messenger has been executed !
Majesty !
Water supply s completely out in the castle
There s no doubt that they blocked the water tunnel
Ct zens are gather ng at walls and compla n ng

I d dn't th nk they d block the water
We weren't prepared for th s it w ll create cr s s n few days
We cannot hold on with few natural walls
Perhaps some may open the gate for them

That s probably what they want to see happen
Defeat ng us without much efforts
If we do accept the r demands
No
I cannot let the general and Leo be executed without a f ght
K ng Tor may ndeed keep h s word and spare us
However the Barder w ll not

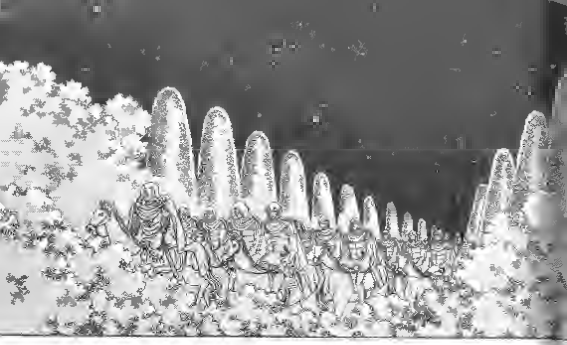
Th s land w ll be colon zed and c tizens w ll become slaves
it w ll not be just our heads



After the capital is captured,
the victorious side will be rewarded
with the city itself.
Rape and plunder will begin.
And at night fire will
light the city
Royal family's tombs
will be looted
Temples will
be destroyed
It will just go on
and go on

Even if the Barder becomes the king, it is only obvious that he will be a puppet king.
Ramra s gold mnes w ll be Anator a s
All the trade routes that we establ shed with much efforts w ll be lost
Ifso - I

Why don't we attack them with elemental of surprise at dawn ?
They've come a long way They must be exhausted and still organizing
Any other opinions?
I agree with general
We will follow whatever order it might be your highness
We cannot let them have our land without a fight
Alright !
Let's do it!
Leo send a messenge to Naru



They are moving
from the prince's castle
to the front wall ?

They are moving very
quietly...

I am Se
What s it ?
it s the king s message
He wants you to stay
awake ton ght
Don't tell the queen
he sa d
I understand

Take me -
to the king
This is an order.

Naru Vaida, I've answered your summon.
Did you leave bare minimum men?
Yes, I did
After m dn ght about at dawn, we w ll del ver our f nal assaut at them
I am leav ng you n charge of the castle
You w ll guard the gate with your men If we lose
You w ll dec de what to do
Make a cho ce that w ll reduce causalit es and damage
